

Armstrong EMEA Standard Shipping Times

The shipping days listed below represent the average standard shipping time in working days. This listing is provided as a guidance tool to assist with your planning and service to our customers. These time frames can definitely be affected by the cumulated demand on various orders at a certain rush time, or also by larger than usual single order quantity.

-If **standard flanged**, please add 5 working days to Lead-Time.

-If you require BSVW version for some series, please consider the same lead time as for standard version.

-For any **specific option** (CV, LV, Long Neck, T316 V&S...), **higher quantity** or **models which are not included in this list**, please consult your usual sales contact in order to have an estimated delivery time.

-If you require an **express shipment**, please consult our Immediate Stock list or your usual sales contact.
