

Hot Bin Heater

Armstrong Hot Bin heavy duty portable heaters provide an effective way to heat bins, silos and hard to access areas.

Applications:

- Pest management - Heat treatment for insect control
- Multiple area heating from a single heat source
- Temporary comfort heat
- Freeze protection

Armstrong's Hot Bin Heaters are available in a variety of configurations, btu outputs and material options to meet most site requirements.

All portable Hot Bin Heaters are pre-piped and include:

- Temperature Regulator
- Inlet Strainer
- Outlet Steam Trap
- 8" Dial Thermometer
- Manual Motor Starter
- Easy rolling/locking wheels
