

Armstrong® 038-SS Nozzle

The Armstrong 038-SS spray nozzles have rear mounted levers which reduce hand fatigue and offer smooth lever action.

Variable spray patterns, adjustable from fan spray to solid stream, is one of the many features of this nozzle. Water conservation is assured upon release of lever by the drip-free automatic shutoff feature.

038-SS spray nozzles are stainless steel and weigh a total of 2.78 Lbs and have gray colored cover.

Rating: 150 PSI / 200 F

Maximum Tested Operating Pressure of 500 PSI

NOT FOR USE WITH STEAM

Flow Rates:

Inlet Pressure (PSIG)	Flow Rate (GPM)
25	4.39
50	6.54
75	8.18
100	9.56
125	10.83
150	11.89
