

Armstrong® 038-TG Nozzle

The Armstrong 038-TG spray nozzle was specifically designed to prevent accidental spray. Its unique cover design is not only durable, but also prevents the front mounted levers, which reduce hand fatigue and offer smooth lever action, from being accidentally activated when the nozzle is dropped. The spray nozzle also come with a trigger locking mechanism for a safe and secure method of maintaining the nozzle open at any spray pattern.

Variable spray patterns, adjustable from fan spray to solid stream, is one of the many features offered by the 038-TG spray nozzle. Water conservation is assured upon release of lever by the drip-free automatic shutoff feature.

038-TG spray nozzles are stainless steel and weigh a total of 1.71 lbs.

Rating: 150 PSI / 200 F

Maximum Tested Operating Pressure of 500 PSI

NOT FOR USE WITH STEAM

Flow Rates:

Inlet Pressure (PSIG)	Flow Rate (GPM)
25	4.39
50	6.54
75	8.18
100	9.56
125	10.83
150	11.89
