GLOBAL LEARNING

ARMSTRONG UNIVERSITY ONLINE

WHATEVER INDUSTRY YOU'RE IN, WE HAVE ONLINE COURSES TO HELP YOU HANDLE THOSE TOUGH, EVERYDAY ISSUES.

At Armstrong, we understand that in any industry, utility management is as challenging as it is crucial. Every day you're faced with new demands and rising expectations to achieve more with less. Your job may be growing more difficult, but Armstrong University is here to make it easier.

Armstrong University Online gives you easy access to in-depth information and expertise that encompasses the processes, systems, products and requirements that are vital to serving your industry. We offer comprehensive online training, education and learning opportunities, available from the convenience of your computer, tablet or smartphone.

WE'LL SHOW YOU NEW AND BETTER WAYS TO SAVE TIME, MONEY AND ENERGY.

Armstrong University Online offers courses to help you achieve all the following, and more.

- Increase production uptime and yield
- Maximize quality and profitability
- Improve safety
- Raise efficiency while cutting costs
- Reduce your carbon footprint
- Provide safety and comfort for customers, patients and staff
- Improve individual job performance
- Increase the value of employees throughout your organization

OUR CURRICULUM GIVES YOU ACCESS TO THE KNOWLEDGE YOU NEED TO MANAGE YOUR UTILITY MORE EFFECTIVELY.

The coursework found in Armstrong University has been carefully developed by energy and thermal utility system specialists and leading technical experts with over 2,000 years of collective, practical experience. Our extensive and growing curriculum spans 12 colleges of learning and over 100 courses of study in steam, humidification, hot water, water treatment, refrigeration, flow measurement, environmental health and safety, and more.

Begin with our free introductory courses, or choose from intermediate and advanced paid courses that offer deeper material. Course bundles that qualify for Continuing Education Units (CEUs) are also available. Armstrong can even create a custom curriculum that's tailored for your organization and delivered at your site or through one of our global learning centers, whichever is most convenient.

ARMSTRONG GLOBAL LEARNING CENTERS

ARMSTRONG HAS LEARNING CENTERS ACROSS THE GLOBE.

Our Learning Centers are located in: Three Rivers, Michigan (USA); Liege, Belgium; Beijing, China; Nagoya, Japan; and very soon in Guadalajara, Mexico. Many of Armstrong's representatives throughout the world operate their own learning centers. Armstrong locations in India, Korea and other parts of the world have portable demonstration capabilities that allow us to bring the seminar to you.

SEMINARS AND OTHER LEARNING OPPORTUNITIES GIVE YOU ACCESS TO OUR UNIQUE LEGACY OF KNOWLEDGE.

Our seminars are hands-on sessions, conducted at our Learning Centers, worldwide. Armstrong Global Learning Centers are equipped with the latest functional and cutaway equipment, making it possible for you to actually see how utility systems operate.

Seminars begin with the basics, move on to best methods for installation and application, and conclude by exploring ways to maximize return on your energy investment. They are taught by trained Armstrong experts who have the technical background and field experience necessary to ensure that you receive relevant, understandable information. Many of Armstrong's seminars qualify for Continuing Education Units (CEUs).

WE OFFER INDUSTRY-SPECIFIC TRAINING AND SEMINARS TO ADDRESS YOUR MOST COMMON, DAILY ISSUES.

More than a century of sage knowledge and in-depth expertise allows us to provide unique learning opportunities designed for your industry. If you're in hospitality or another institutional industry, we can show you how to operate more efficiently while increasing satisfaction and safety for guests and staff. For hydrocarbon and chemical refineries, we can help you reduce energy use and achieve more uptime by eliminating process interruptions. For food, beverage or pharmaceutical companies, we can show you ways to increase both product and labor safety, and production and yield. In addition to our seminars for individual industries, Armstrong University also provides a regular schedule of general industry seminars.

WE OFFER CUSTOM SEMINARS AND ON-DEMAND WEBINARS.

For those who are remotely located and need an Internet-based option, Armstrong provides on-demand webinars that cover specific subjects. If you have a particular need or area of interest, consider having a seminar customized for your personnel.

KNOWLEDGE NOT SHARED IS ENERGY WASTED.®

One of Armstrong International's greatest strengths is our wealth of knowledge, experience and insight, derived from more than 100 years of providing thermal utility solutions for customers all over the world. Since 1958, we've been sharing that knowledge with tens of thousands of students, ranging from pipefitters and utility engineers to energy czars. Armstrong is a true, sage brand and we're fully committed to giving you access to all that we've learned to help you make the smartest possible decisions for your company.
